

Where in your home will you study?

When will you study? What time of day? What days of the week?

Aim at 3-4, not including Friday.

Idea: choose one day to focus just on memorization.

When is a 2nd time during the day you could study if you miss the first time?

How long will you aim at studying? How much time will you spend in prayer? Will you choose one prayer focus for this study?

What supplies will you need? (commentaries/other Bible references, colored pencils, notebook, etc.)

What is your memorization plan/goal for this study?
